

Dear

We are ready to start an exciting new school year in an exciting new school district! We also have a new district team with a new name that will be working with you for the school year. Your Area Library Media Specialist will now be your Media Technology Specialist. That new name reflects our new emphasis on technology.

There are four members on our team: Jethro Jones, Team Lead; Diane Miller; Ross Rogers; and Susan Huff. We will be adding a fifth team member shortly.

You are invited to an inservice to kick off the 2009 – 2010 school year and introduce you to the team. The meeting will be held on Wednesday, August 26<sup>th</sup> at 9:00 AM in Board Room A at the Canyons CO2 building at 9361 S. 300 East.(formally Jordan District's Office). We will be contacting your principal to let him/her know you will be attending.

Here are the school assignments for our team:
